

DDSListener

```
graph BT; DDSSubscriberListener --> DDSDataReaderListener; DDSDataReaderListener --> DDSListener;
```

The diagram illustrates a class hierarchy. At the top is a dashed box containing the text 'DDSListener'. Below it is a solid box containing 'DDSDataReaderListener'. At the bottom is another solid box containing 'DDSSubscriberListener'. An upward-pointing arrow connects 'DDSSubscriberListener' to 'DDSDataReaderListener', and another upward-pointing arrow connects 'DDSDataReaderListener' to 'DDSListener', indicating inheritance.

DDSDataReaderListener

DDSSubscriberListener
